

CERTIFICATE

Winterthur Gas & Diesel Ltd., a leading developer of two-stroke marine diesel and dual-fuel engines used for propulsion power in merchant shipping,

hereby certifies that

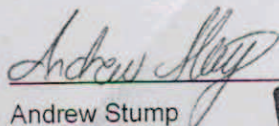

IRISL Maritime Training Institute, Tehran, Iran

has successfully fulfilled the stringent and rigorous standards imposed upon it by Winterthur Gas & Diesel Ltd., Switzerland, to provide training on our mechanically controlled RTA-type engines and is authorised to provide training and issue certificates of completion on our behalf.

Winterthur Gas & Diesel Ltd.'s engines were born under the now world renowned Sulzer brand in 1898 and are currently sold under the Wärtsilä brand under licence.
